## OSB Partners in Sustainability Program

### New Partners

**Richard Fairclo**, Attorney

**Mark J. Lang**, Attorney at Law

The Sustainable Future Section would like to recognize these new Partners in the Oregon State Bar Partners in Sustainability Program. These Oregon law offices have shown commitment to operating sustainably and provide valuable leadership to others as law offices throughout the State move toward office practices that conserve resources and reduce waste. These law offices have joined the Program in the last quarter. The Section is looking forward to seeing many more law offices certify and become Partners in Sustainability.

Information about the Program is available at [www.osbsustainablefuture.org](http://www.osbsustainablefuture.org).
